## **E232 Executive Committee report**

The Executive Officer summarized the business transacted at the last meeting of the Executive Committee. Concerns had been expressed about the low attendances at many of the district committee meetings.

The pre-audit accounts for 2015/2016 had been reviewed which showed a surplus in excess of that budgeted for.

2015/2016 had been a record year in terms of the number of enquiries handled by the Desktop Advisory Service. A contributing factor was the high turnover of Clerks which has led to the worrying development of some councils being in a state of constant flux.

Training delivery during 2015/2016 had been very successful with high numbers of councillors and clerks attending events.

**RESOLVED:** That the report is noted

## **E233 Transparency Code for small parish councils**

The district committee was reminded about the funding that is available to help small parish councils set up websites to meet the requirements of the Code. ERNLLCA has been one of the most successful local associations in processing successful applications but councillors and clerks were asked to encourage any eligible councils they know of to apply.

## **E234 2016 ERNLLCA Conference**

The date of the conference was given as being Friday 18 November 2016.

## **E235 Quick Brief – Member/Officer Protocol**

The Executive Officer referred back to the high level of turnover of Clerks in the ERNLLCA area and spoke about the growing number of councils which needed advice to help overcome internal relationship problems.

All member councils had been issued with a model Member/Officer protocol some time ago and those present were encouraged to ensure their councils had adopted such a document. Reference was made to the many occasions when break-downs in working relationships were caused simply by members of officers or both misunderstanding their respective roles.

It was reported that the document can be down-loaded from the ERNLLCA website.

## **E236 Open Forum**

### A: Driffield Town Council

Councillor J. Cooper referred to the demolition of the old sugar mills and the expectation that a high number of planning applications are expected. Local residents had expressed a wish to see a Saturday bus service, subsidized by the town councils, provided but this was proving to be challenging given the costs involved.

### B: Beeford Parish Council

Councillor McCloud explained that there had been a substantial change to the composition of the council with six new councillors and a new Clerk. The council is now making good progress and members were keen to be proactive.

### C: Nafferton PC

Councillors Darbinson and Holmes explained that much of the council's energies are being directed towards the management and development of the Recreation Club and the provision of allotments. It was hoped that the local mere could be dredged although some environmental issues had to be overcome.

### D: Bridlington TC

The Town Clerk stated that a new member of staff had been appointed and that she was keen to undertake professional training.

### E: Barmston & Fraisthorpe PC

Councillor Swift referred to the classes being provided in the village hall via funding from the principal authority. Some planting was being undertaken around the village and reference was made to a derelict site which residents would like to see addressed but the owners would not respond to correspondence from the parish council.

### F: Langtoft Parish Council

Councillor Noble reported that new speed limits were to be installed at one end of the village.

### G: Garton on the Wolds Parish Council

Councillor Poesl briefed the committee on problems with parking arising out of the extension to the new school. The council has taken on the management of the village pond.

## **E237 Agenda items for future meetings**

The Chairman reminded everyone that if they would like an item to be included on the agenda, they should contact the ERNLLCA office.

**E238 Dates of future meetings**

**RESOLVED:** That the dates for meetings be agreed as –

- 11 October 2016
- 11 April 2017
- 11 July 2017

with venues being secured across the district.

**Report title:** Executive Committee report

**Report prepared for:** East Riding (North East) District Committee

**Agenda number:** 4

**Date:** 11 October 2016

**Status:** Open

**Report prepared by:** Alan Barker

**Recommendations:** That the report is received

The most recent meeting, that is the Annual Meeting, of the Executive Committee was held on Saturday 30 July 2016 at The Ropewalk, Barton upon Humber. At the opening of the meeting, the outgoing Chairman referred to the unexpected death of Gordon Hodgson, formerly of Withernsea Town Council, who for many years was a stalwart member of the Executive Committee. ERNLLCA was represented at the funeral by the President and the Executive Officer and were joined by the Vice-Chairman, Councillor Cooper.

A range of constitutional business was dealt with during which Councillor Knowles, of Haxey Parish Council, was re-elected as Chairman. Councillor Cooper, of Driffield Town Council, was re-elected as Vice-Chairman.

Councillors Archer (Waltham Parish Council); Brooks (Hibaldstow Parish Council); Cooper (Driffield Town Council); Knowles (Haxey Parish Council); Thurston (Hedon Town Council); and Wells (Kirmington & Croxton Parish Council) were elected to service on the Resources Sub-Committee.

Councillor Thurston was appointed as delegate to the National Association of Local Councils with Councillor Cooper as deputy. Both will be joined by Councillor Astell (Beverley Town Council) as ERNLLCA's delegates to the NALC Annual General Meeting. Councillors Astell and Thurston were appointed to the Northern Group of Local Councils Associations, with Councillors Whiteley and Cooper as deputies. Councillor Cooper was re-appointed to the Yorkshire and Humber Regional Training Partnership.

Councillor Thurston summarised his report on the business currently being dealt with by NALC and highlighted the long-standing issue of defining "who are the members of NALC?". The matter will be resolved at the NALC Annual General Meeting.

Reference was made to the creation of a trade union for Clerks and the fact that the Society of Local Council Clerks (SLCC) would now act only as a professional body with its trade union service becoming a separate body. Members discussed the potential viability of such a change and reference was made to the support Clerks can receive from other trade unions. Members sought an explanation as to the role of SLCC in advising councils and councillors. The Executive Officer explained that Clerks, and other officers, are the members of SLCC and albeit councils benefit from the advice issued by SLCC to its members. The meeting considered the question of whether or not councils should pay their Clerk's SLCC membership fee. The

Executive Officer confirmed that ERNLLCA does not pay its staff's professional fees. The Executive Officer was asked to prepare a report regarding the payment of employees' membership fees by councils.

The Executive Officer presented a report on the work ERNLLCA had undertaken in helping councils to both engage with the Transparency Code and access funding. ERNLLCA councils had obtained a high level of funding but this was explained against the impact this had on day-to-day services. The Executive Committee confirmed its support for the Code but reaffirmed their view that the needs of member councils must be given priority. The Executive Officer was instructed to write to NALC advising that ERNLLCA has no spare capacity to provide time to encourage non-member councils to access funding. All applications received will be treated equally.

A verbal report was given on a meeting in York with NALC. There was general consensus that although NALC's presence in York was to be welcomed and both its Chairman and Chief Executive spoke passionately about the work of NALC, the meeting achieved very little for ERNLLCA.

Members were advised on councils which have joined ERNLLCA. Decisions were taken to improve the professional indemnity and public liability insurance held by ERNLLCA. The accounts to 30 June 2016 were presented and members informed that there were no issues to be raised. The committee considered a report regarding the continued upward trend in applications for advice to the Desktop Advisory Service and the consequent pressures created.

The Executive Officer informed the committee that a further induction event for new Clerks would be offered and that the planned "Being a Good Councillor" course will not take place until after January 2017 because of a national revision of the course. A number of councils had asked for in-house events and these have been scheduled. Members discussed the bad practice of some councils asking for in-house training, being provided with a date and then cancelling – sometimes at short notice. The committee was of the view that this cannot continue and that a cancellation charge will be introduced.

Members of the committee discussed false allegations made about ERNLLCA and the Executive Officer to another county association. The Executive Officer was instructed to write to the council in question offering a refund of membership fees if it is not satisfied with the services it receives.

The Executive Officer's report on future training delivery was discussed by the committee and he was authorised to explore what additional training resources might be made available to ERNLLCA and to report back to a future meeting of the Resources Sub-Committee for examination of the options that may be available.

The committee agreed a raft of constitutional changes to be recommended to the membership arising out of the recent Governance Review and to reflect best practice.

A number of matters relating to employment were agreed and the Executive Officer was instructed to implement the changes.

Before the conclusion of business the Chairman reminded everyone that this would be the President's last meeting as a member of the Executive Committee as he would stand down from office at the Annual General Meeting. The Chairman referred to the President as being the "life-blood" of the organisation and then led the meeting in a hearty round of applause.
